INTEGRATED SUPPLY

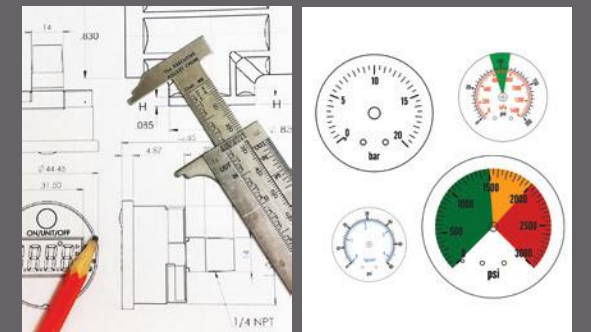

Kodiak Controls, Inc. offers integrated supply solutions for our customers looking to consolidate vendors and manage inventory cost in today's highly competitive market.

NIST CALIBRATION & MOUNTING PRESSURE INSTRUMENTS

Kodiak Controls offers multiple types of calibration services such as NIST traceable certification of instruments, repair of pressure gauges, and mounting pressure instruments to diaphragm seals.

CUSTOM ENGINEERING, PRIVATE LABELING & CUSTOM DIALS

Kodiak Controls can provide custom dials for pressure gauges and private labeling for virtually any product we offer. In addition, Kodiak has full capabilities of engineering custom instruments and valves that are either a tweak on an existing product or something that needs to be designed from the ground up to meet our customers' needs.

WHO WE ARE ▾

FOUNDED IN 1989, Kodiak Controls is a two generation Wholesale Distributor and Manufacturer's Representative of instrumentation and process control for industrial and OEM applications.

Because of the variety of manufacturers we represent, Kodiak takes great pride in our ability to fulfill virtually 100% of the applications we receive. Our servicability and competitive prices allow our customers to utilize Kodiak as an integrated solution and avoid the hassle of multiple vendors and searching time. We pride ourselves on this ability as well as our ability to service the customer quickly and effectively making the experience with Kodiak an efficient and pleasant one.

Kodiak Controls recognizes our customers have a choice when it comes to instrumentation and supply solutions. Because of this, Kodiak strives to do everything right, while providing an atmosphere and work ethic that revolve around three main principles:
